RE: Planning Commission Meeting – Zoning Change Request [IH to CG]  
(544 S. Broad St. near intersection of S. Broad St. and Canal Street – Singer Property)

Dear Clerk of Council:

The letter is being provided to you to note that, on Thursday, July 14, 2022, the City Planning Commission voted 6-1 in favor of recommending to the City Council that the change of zoning request application be approved as re-submitted for the July 14, 2022 meeting.

Planning Commission approved the rezone requested based items that the developer offered to perform:

- Dedicated ROW along S. Broad Street
- Construct a 10' wide side/path along S. Broad
- Construct a 5' wide sidewalk along Canal Street (connecting to S. Columbus St.)

I will send all the accompanying documentation from the Planning Commission meeting. I would also ask that you please inform my office, at the appropriate time, so that signs can be erected for the public hearing held at council chambers.

Thank You,

Mitch Noland P.E., S.I.  
City Engineer

**AGENT:** CGP Acquisition & Development/BL Companies

**SURVEYOR:** BL Companies  
Attn: Ryan Tucker

**PREVIOUS ACTION:** None Found

**REQUEST:** The petitioner/agent wish to rezone the property (Parcel #0535027600 – Intersection of Broad Street and Canal Street) from Industrial Heavy (IH) to Commercial General (CG). The agent states that they desire to develop a Dollar General Store.

**ISSUES FOR PLANNING COMMISSION CONSIDERATION:**

1. This rezoning request is being completed under LCO 1159.04(a) as a rezoning at the request of the petitioner.
2. Adjoining zoning districts include: Residential Single Family – 3 (RS-3), Central Business District (CBD), and Industrial Heavy (IH). Please refer to the attached map (Exhibit – A).
3. FEMA revised the Flood Insurance Rate Map on July 19, 2018. Map Number 39045C0253H. This area was removed from the 100-year flood hazard area during that flood re-mapping in July of 2018. (Reference Exhibits B)

## **STAFF RECOMMENDATION:**

1. The staff recommends approval of this rezone request under two conditions.
  - a. Any new development on this site shall elevate the lowest floor to any new structures to elevation 813.9 or above (North American Vertical Datum 1988 – NAVD88). (See Exhibit B)
  - b. The mechanicals (HVAC) shall also be elevated to elevation 813.9 or above.

The City realizes that this may not be required by FEMA standards, but good engineering judgement based on specific site conditions should be applied to any new development(s) on this parcel.

## **ITEMS THAT PLANNING COMMISSION MAY CONSIDER**

1. If this were part of a major and/or minor subdivision, right-of-way (ROW) dedication would be required as per the thoroughfare plan. Broad Street is considered a collector street. Minimum ROW width required is 80 feet (half width of 40 feet). Staff is not making this a recommendation, but rather an item for Planning Commission to consider. This item may also be helpful with item #2 below.
2. Again, staff does not make this a recommendation, but it may be a consideration that Planning Commission wishes to discuss during the May 12, 2022 meeting. The City of Lancaster bike trail adjoins this subject property. The City of Lancaster is currently working to create a multi-modal corridor towards the downtown area. (Reference the CORPO funds for re-paving and new design of pavement markings from Main Street to S. Columbus Street). Planning Commission may wish to request a modification to require an extra wide sidewalk/pathway for pedestrian's/bikes from the City of Lancaster Bike Path up to the intersection of S. Broad and Canal Streets. Consideration should be given to curb lawn separation from Broad Street, width of concrete walk/path along this alignment, and right-of-way dedication if necessary. The width of this multi-modal trail are 8' minimum with 10' width recommended.
3. Another item that Planning Commission may want to consider as part of the rezone request would be the requirement of sidewalks along Canal Street and South Columbus Street. (This area is currently not part of a major subdivision or a minor subdivision, therefore, sidewalks cannot be required through the Lancaster's Codified Ordinances).
